ACTIVITIES

1985 SENIOR DAY

The major responsibility of the junior class is to provide a banquet for the graduating class on Senior Day.

On June 21, 1985, the Class of 1986 sponsored a banquet that will long be remembered. The day began with an assembly program in the auditorium. Academic awards were bestowed upon deserving seniors. At the conclusion of the presentations, the Class of 1985 marched out to receive their yearbooks, and the Class of 1986 moved to the front of the auditorium to take over the senior seats.

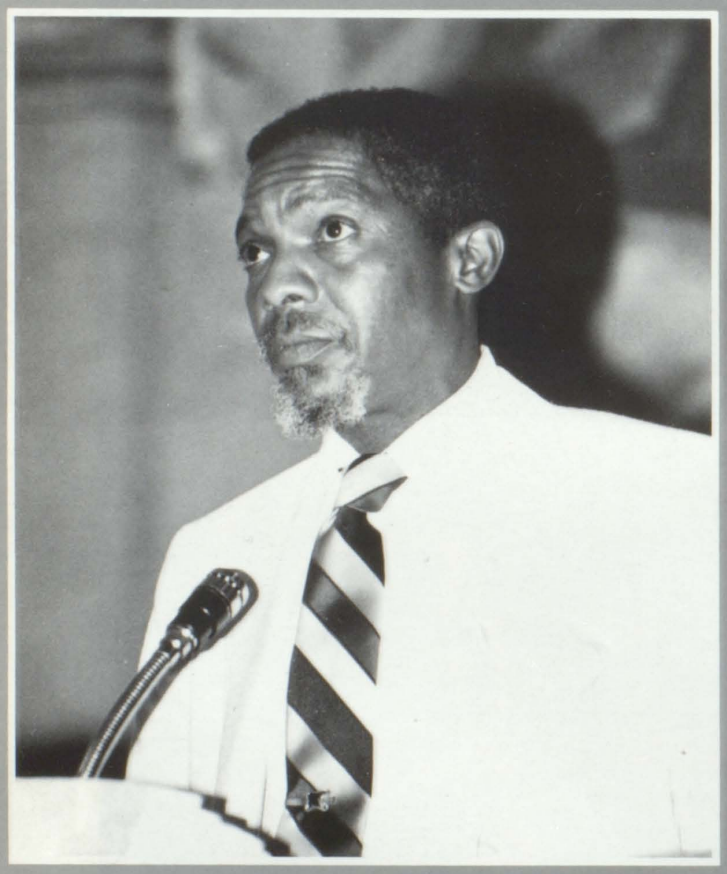

After a brief lecture from the principal about the expectations of seniors, everyone proceeded to the cafeteria, which had been very elegantly decorated by the Junior Class Executive Board.

Once the seniors arrived, all witnessed various entertainment climaxed by a performance by the Tap Dance Kid Savion Glover.

Afterwards, a delicious meal was served to the Class of 1985 by the Class of 1986.

HOMECOMING PAGEANT

Early in the fall, young ladies began vying for the various royalty titles. Contestants were requested to submit an essay to selected judges, plus participate in the annual Homecoming Pageant.

On the evening of the pageant, contestants were judged on their talents as well as appearance. The young ladies sang, danced or performed short skits.

Finally, wearing evening attire, each contestant strolled the runway in front of the judges, hoping that she would be crowned.

A NIGHT AT THE RINK

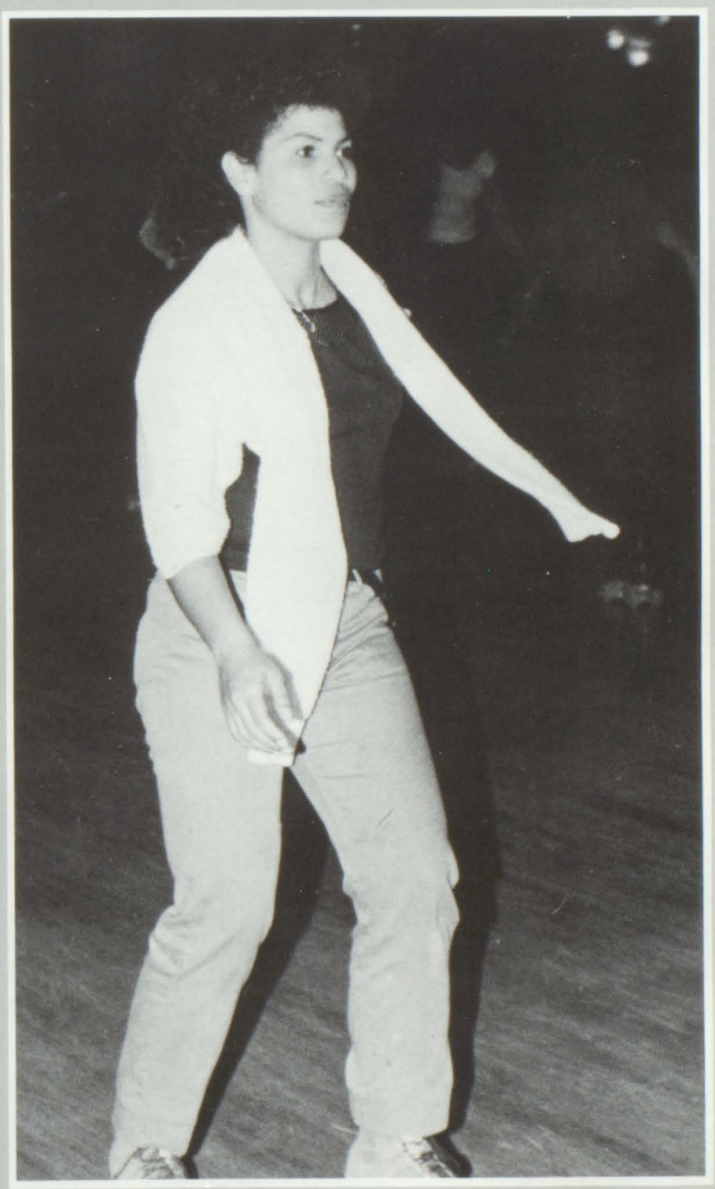

Following the precedent set by former senior classes, the Class of 1986 sponsored a skating party at America on Wheels — Twin City Roller Rink.

Those who knew how to skate, as well as those who didn't, began gathering early, many of them bringing their personal precision skates, in order to enjoy the evening to the fullest extent. Several faculty members were seen sliding across the floor.

FASHION SCENE

On Friday, December 20th, the Bilalian Student Union sponsored a fashion revue, coordinated by Gina Morales and Alice Pittman.

Wearing the latest fashions in business, casual and evening attire, models strutted the aisles, stage and runway of the auditorium, displaying poise, grace and showmanship.

FACULTY & STAFF

ADMINISTRATORS
PRINCIPAL'S MESSAGE

I congratulate you on achieving your high school diploma. You are facing the most difficult time of your life. Many of the supports you have been accustomed to will no longer be there. Many of the people you have reached out for and depended on will no longer be there. You must now face the world and all its consequences and be judged by your efforts alone. I sincerely hope that we, at Malcolm X Shabazz High School, have prepared you for this.

As you face this new stage in your life, I hope you will be successful. I hope you walk with pride, dignity and self-respect. Your achievements will be based upon the effort and commitment that you put into it. Success is not measured by the money you earn or the position you achieve, but it is measured by how well you live your life as a human being. Remember life is not always "fair." Remember that you cannot always trust the people who represent you and remember that nothing is guaranteed. Above all, it is important to care about and respect the rights of others, more important, though, you must care about and respect yourself first.

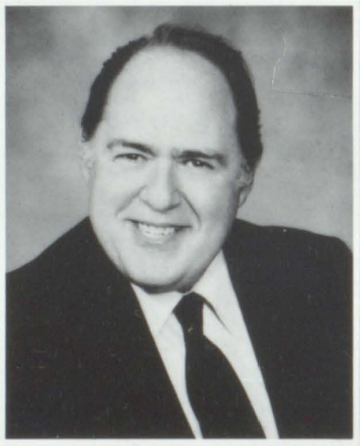

Always reach for the stars and believe in yourself. I wish you the best.

DEDICATION

MR. MARK BROWN

Mr. Mark Brown received a BA degree in Math from Rutgers University in New Brunswick. He became a math teacher at Malcolm X Shabazz on January 2, 1984, after having worked as a substitute teacher for a year. Mr. Brown is presently attending Rutgers (Newark Campus), pursuing credits for certification.

Since working at Shabazz, Mr. Brown has always supported the activities of the school's different organizations. In the beginning of the school term, when the Class of 1986 found themselves in need of a new class advisor, it was no surprise that Mr. Brown was asked to take the job. He soon found that his graduate studies and teaching responsibilities did not afford him the time needed to prepare a class for graduation. After a couple of months, Mr. Brown relinquished the responsibility of being senior class advisor, however, he continued to lend support in every way possible.

We feel that Mr. Brown deserves special recognition for making himself available to assist with extracurricular activities sponsored by the students of Malcolm X Shabazz.

Mr. Mark Brown, we, the Class of 1986, dedicate our yearbook to you to show our appreciation for the assistance that you have given to us and to the classes before us.

IN MEMORY

It is with deepest regrets that we announce the passing of our friend and teacher, Mr. Richard Harrison.

Mr. Harrison was born in Newark and received his formal education in the Newark Public Schools System, graduating from South Side High School. He joined the Newark Police Department in 1962. Shortly afterwards, he began evening classes at Rutgers University, in pursuit of his bachelor's degree. After graduation, Mr. Harrison returned to his alma mater and began teaching Auto Shop.

After a brief illness, Mr. Harrison entered into eternal rest on February 26, 1986. **Mr. Richard Harrison** was loved and will deeply be missed by his Malcolm X Shabazz family.

CROSSING THE BAR

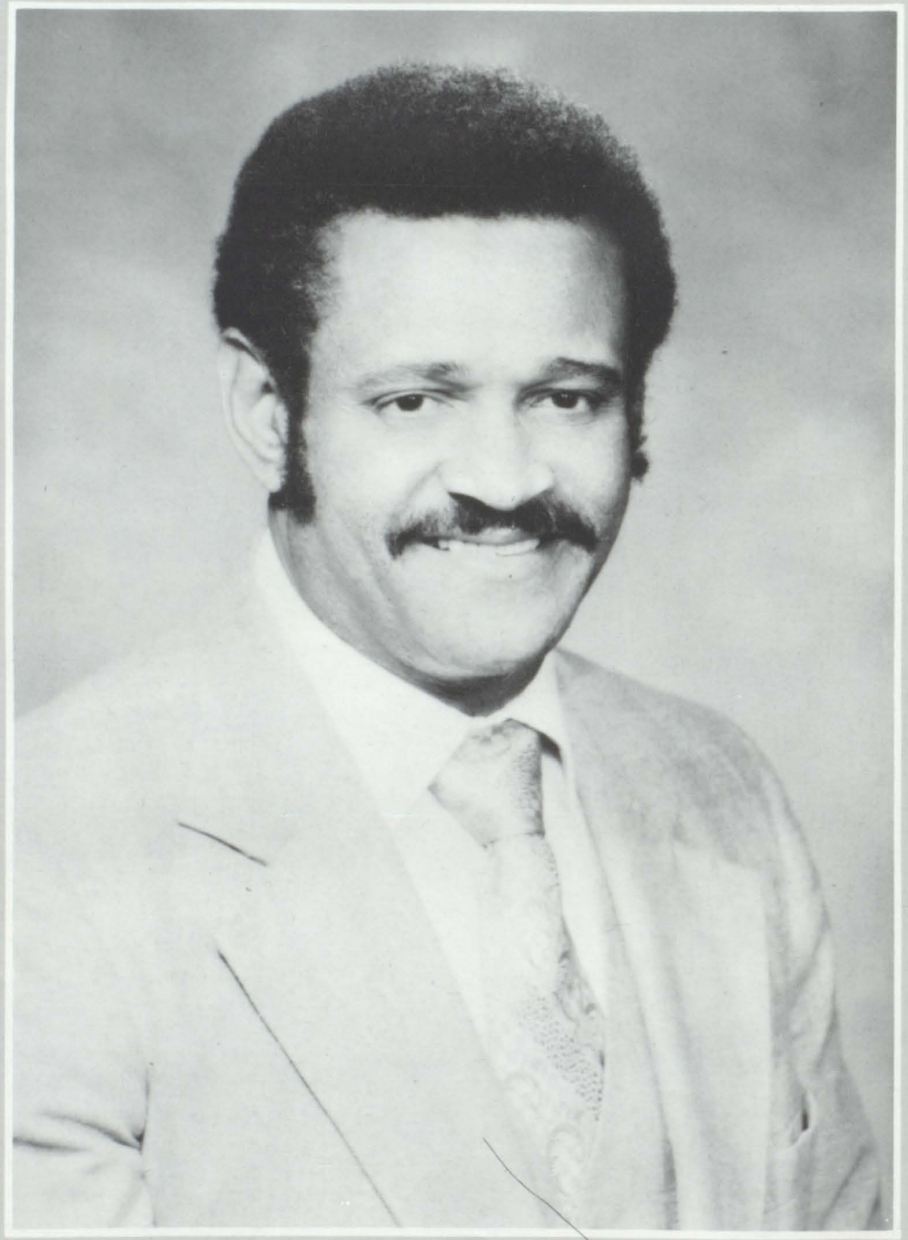

Alfred Tennyson

Sunset and evening star,
And one clear call for me.
And may there be no moaning of the bar,
When I put out to sea.

But such a tide as moving seems asleep,
To full for sound and foam,
When that which drew from out the boundless deep
Turns again home.

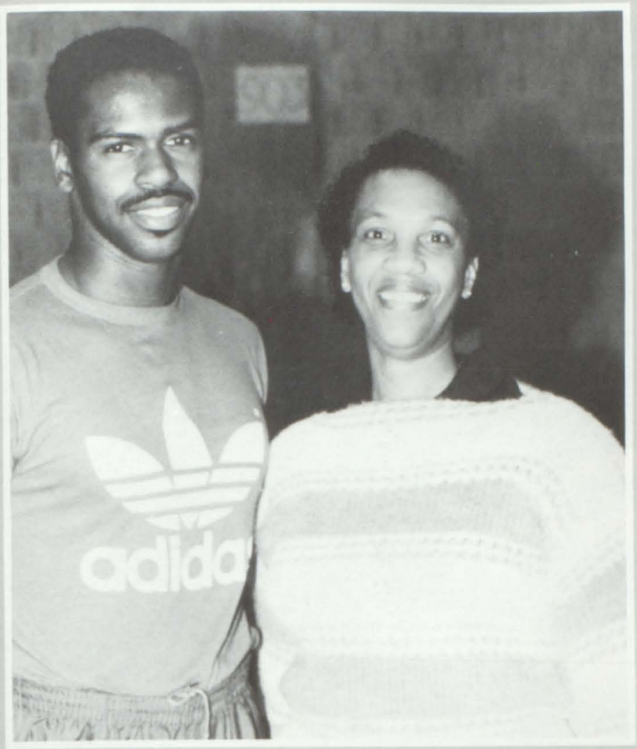

Twilight and evening bell,
And after that the dark.
And may there be no sadness of farewell,
When I embark.

For tho' from out our bourne of time and place
The flood may bear me far,
I hope to see my pilot face to face
When I have crossed the bar.

SENIORS

JUNIOR CLASS ADVISORS

In the fall of 1984, members of the Class of 1986 canvassed the school to find class advisors. Mrs. Elyse Sherman-Jones and Mr. Randolph Scott agreed to provide us with the leadership necessary to perform our obligations as juniors.

We were lead through numerous activities of fundraising, such as bake sales, candy sales, discos, and trips to see the plays "The Tap Dance Kid" and "Mama, I Wanna Sing." The proceeds from these activities allowed us to present the Class of 1985 with an elaborate luncheon on Senior Day.

At the end of the school year, Mr. Scott was transferred to another school and Mrs. Sherman-Jones was transferred the beginning of this school term. Although they are not with us to carry us through graduation, we love and appreciate the good foundation with which they provided us.

MR. RANDOLPH SCOTT

MRS. ELYSE SHERMAN-JONES

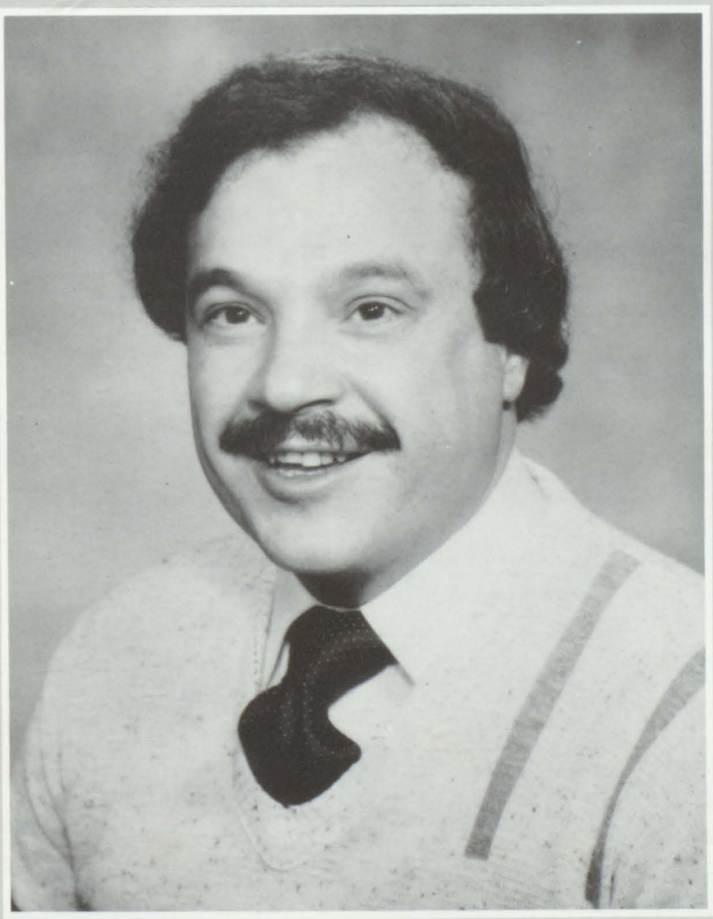

SENIOR CLASS ADVISORS

The beginning of the school term found the senior class in need of advisors. To take on the responsibility of financially preparing a class for graduation in ten months was an awesome task, but it was assumed by Mrs. Delois Dawson and Mr. Pat Gerardo.

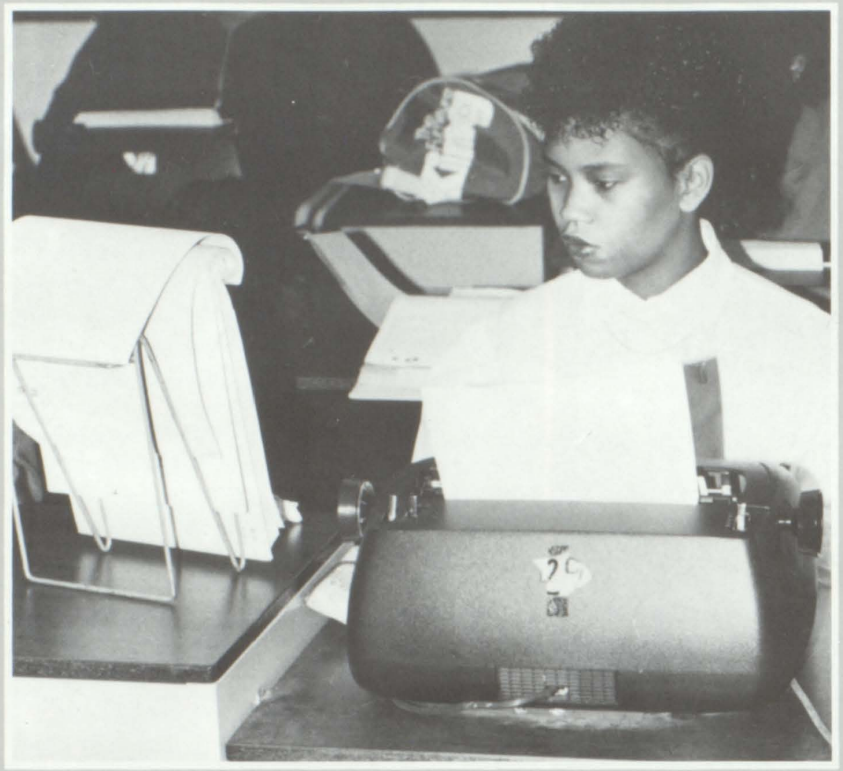

Immediately, a graduation date was set and a speaker secured, and a prom site was located. Discos, bake sales and two skating parties were given to raise funding to help meet the responsibilities of the senior class. Masquerade day, kiddie day, '50's day, t-shirt day, and career dress-up day were set to give seniors a chance to be distinguished from other students.

We, the members of the Class of 1986, wish to thank Mrs. Dawson and Mr. Gerardo for having the courage to take the job and extend our compliments on the success we experienced because of them.

FOREVER

Those we love truly never die,
Though year by year the sad memorial wreath,
A ring and flowers, types of life and death,
Are laid upon their graves.

For death the pure life saves,
And life all pure is love; and love can reach
From heaven to earth, and nobler lessons teach
Than those by mortals read.

Well blest is he who has a dear one dead;
A friend he has whose face will never change —
A dear communion that will not grow strange;
The anchor of a love is death.

ACADEMICS

GUIDANCE DEPARTMENT

COUNSELORS KEEP GUIDING STUDENTS

Where do seniors go after graduation? What kind of schedule should juniors take in their last year? How do sophomores find out what high school is all about? What can be done to help freshmen make the adjustment to high school? These are some of the problems that Chairperson Helen Means and her staff of counselors tackle each year.

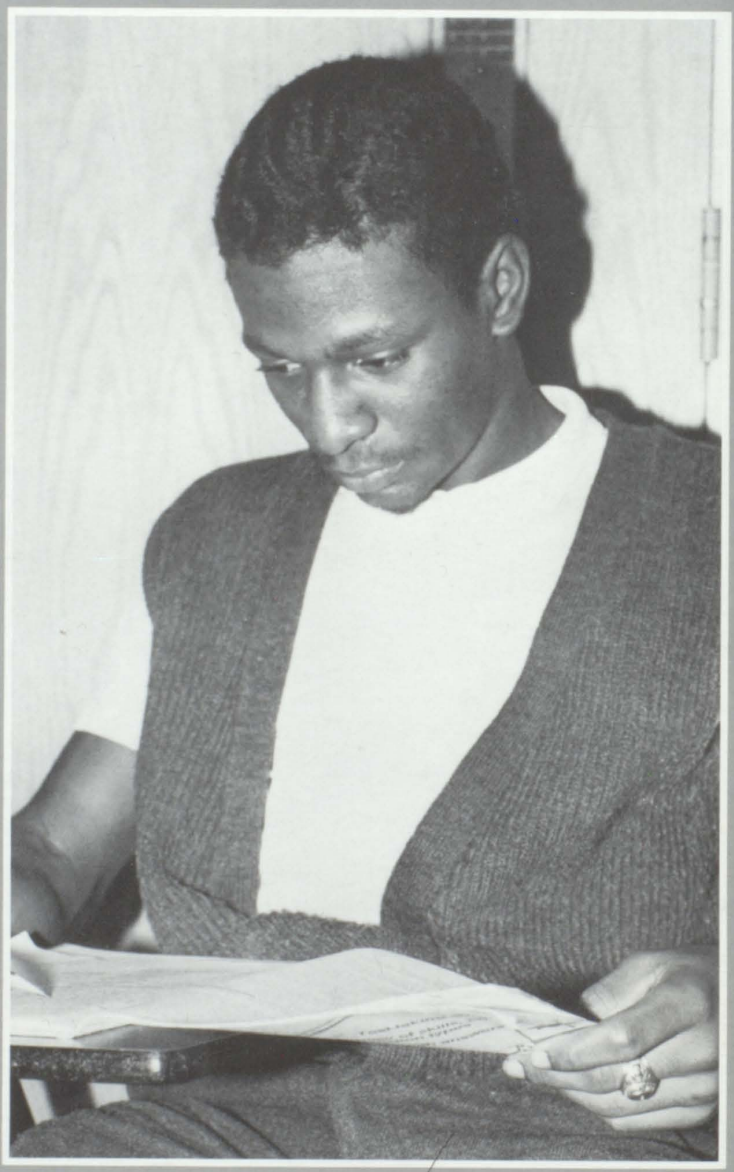

The Guidance Department offers numerous opportunities for students to make decisions about themselves as they examine choices and select the one that is most desirable. Hopefully, by developing these skills, our students are preparing to lead lives where they know how to set their own goals, make good decisions and accept ownership for their own successes and failure.

ENGLISH DEPARTMENT
THE ART OF COMMUNICATION

Under the leadership of Chairperson Edna Bailey, the English instructors strive to help students to develop proficiency in the effective use of written and spoken language and the meaningful interpretation of its literature.

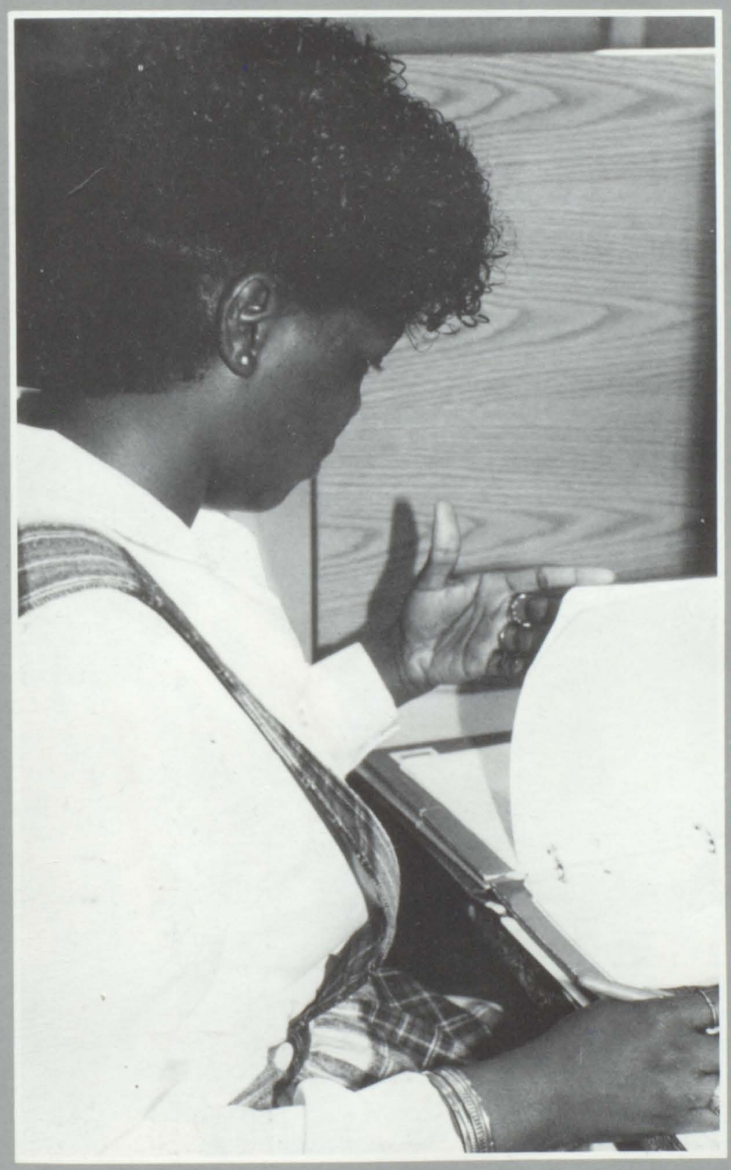

At each level, the English program builds on and incorporates the programs of previous grade levels.

In order to assist in library and research skills, the English Department forms a liaison with the library, Business Department and Social Studies Department to aid in the recognition of the fundamental position of communication skills and the fluid transfer of knowledge.

MATH DEPARTMENT

FIGURING IT OUT

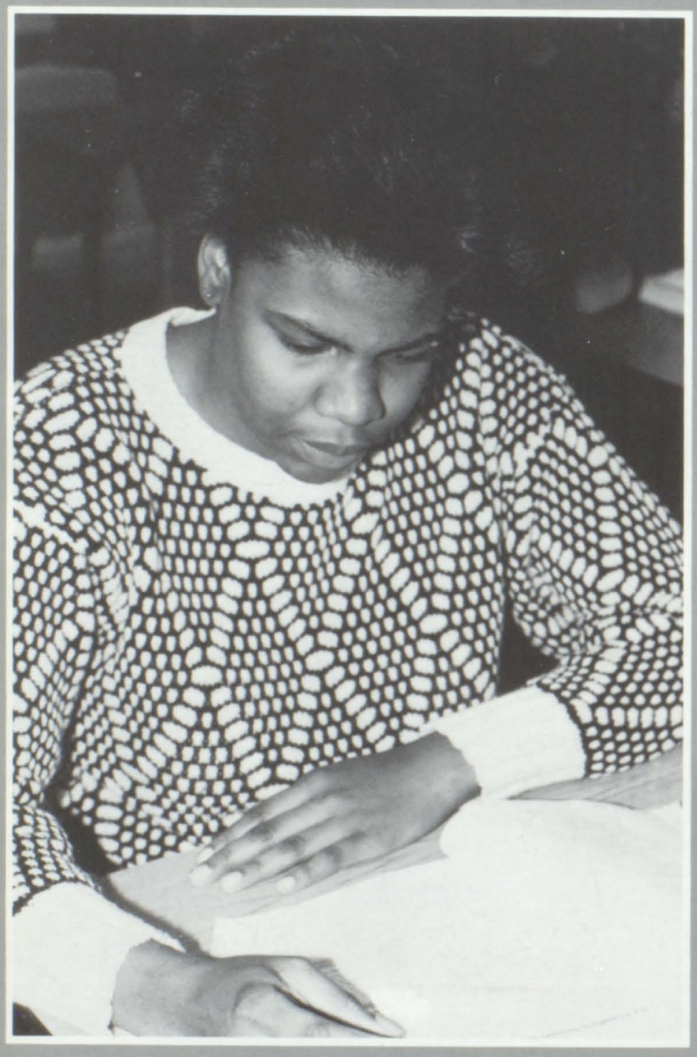

The function of the Math Department is to stimulate students to develop a working knowledge of basic math skills in preparation for employment or daily life.

Courses for the college bound students or the exceptional individuals are in the curriculum at Malcolm X Shabazz. In this age of rapidly advancing technology and the use of computers, the knowledge of Mathematics becomes increasingly significant.

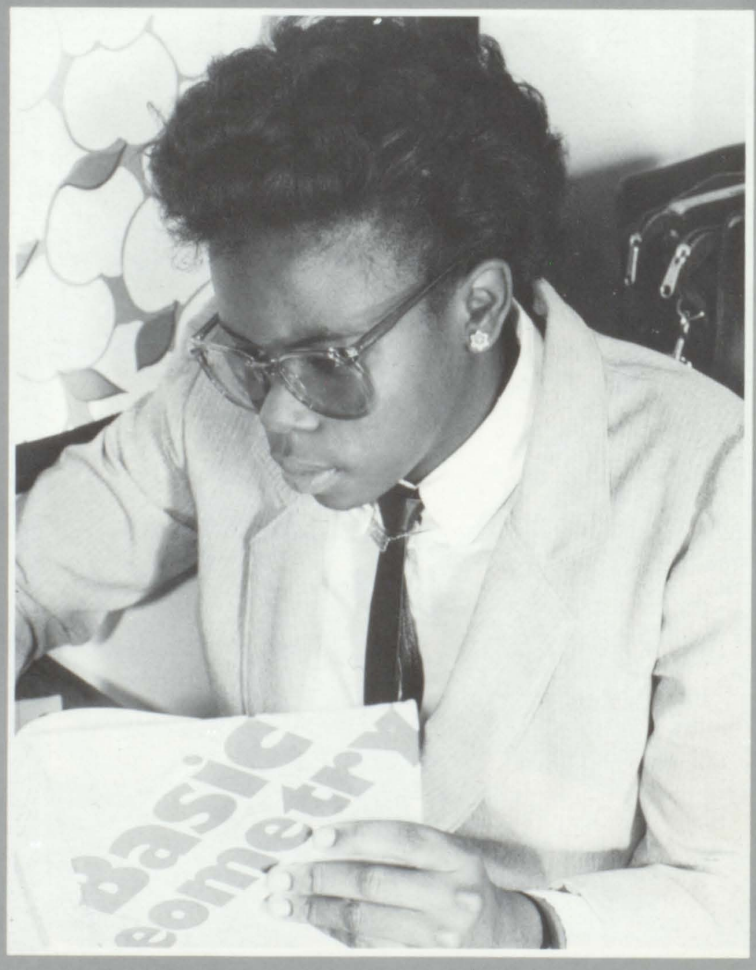

Chairperson David Swanson strives to keep his teachers equipped with the tools necessary to prepare students with skills to meet the demands of this technological age.

Right — Sheila Johnson prepares for the day's lesson in Geometry.

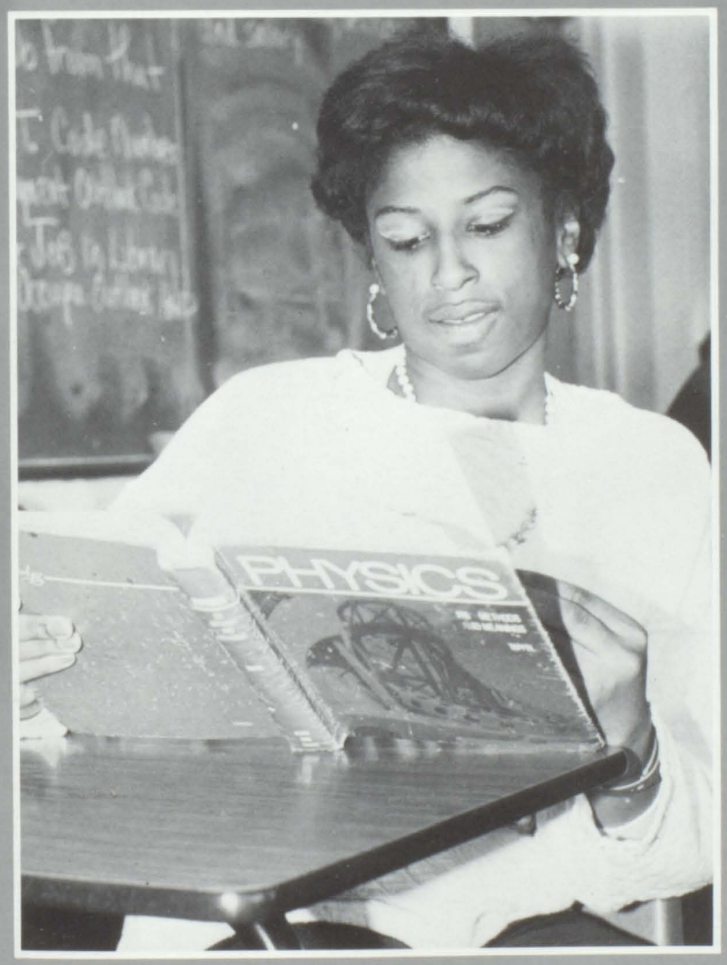

SCIENCE DEPARTMENT

EINSTEIN IN THE MAKING

In order to be technologically literate in today's world, it is imperative that the high school student has a basic understanding of science.

Chairman Harold Wharton and his staff are impelled to develop quality students in the area of science. Courses are designed to provide fundamental training in the sciences for students to meet requirements for graduation, as well as more advanced technical training for those college prep students who may pursue a career in natural science.

FINE ARTS DEPARTMENT

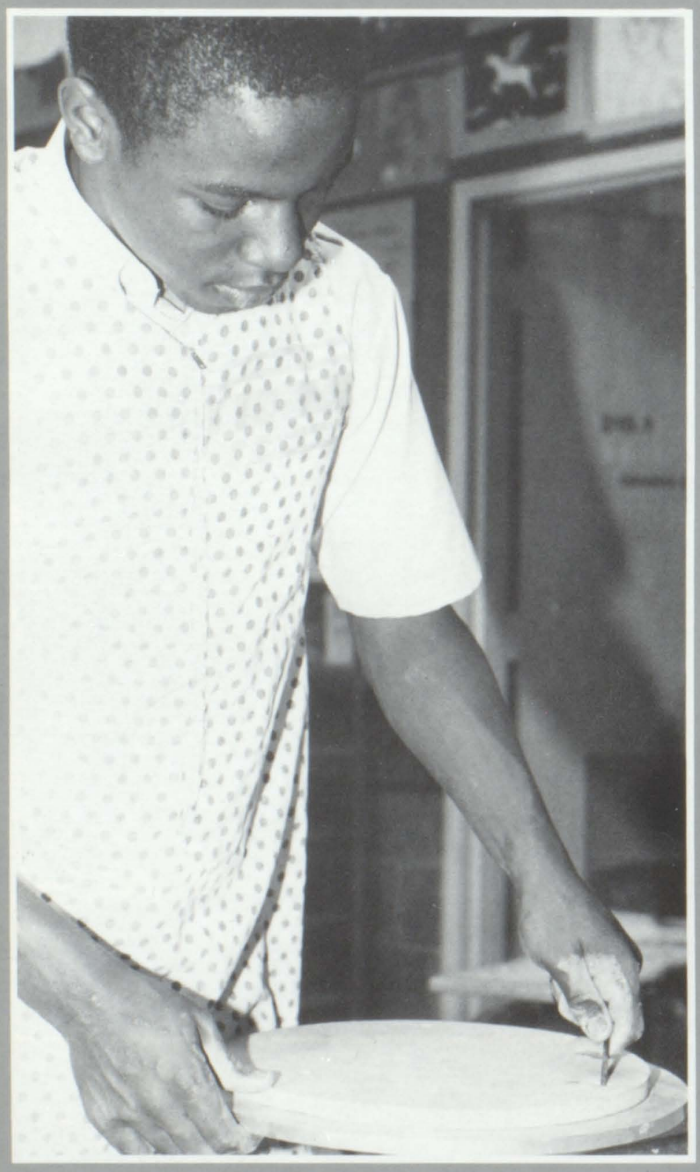

ART AS A LANGUAGE

Wherever men and women have lived together, art has sprung up among them as a language charged with feeling and significance. The desire to create this language appears to be universal. It shows itself in all societies and in all ethnic divisions of mankind — black or white, red or yellow. It has become a very part of man's need to impose his will upon the universe: to bring order out of chaos; to endow his moments of highest awareness with enduring form and substance.

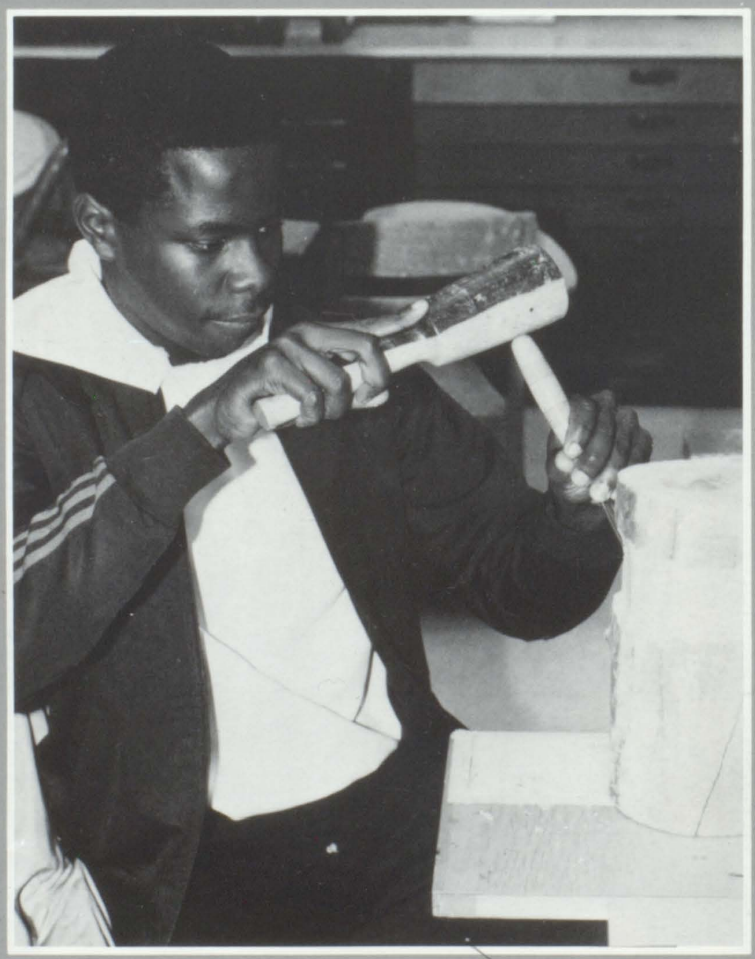

Under the leadership of Mr. Bernard Bauer, Department Chairperson, art and music at Malcolm X Shabazz have come a long ways from their primitive stages, but they have retained their connection with the spring of human feelings, with the accents of joy and sorrow, tension and release.

Right — Senior Debbie Thomas works on ceramics in Art.

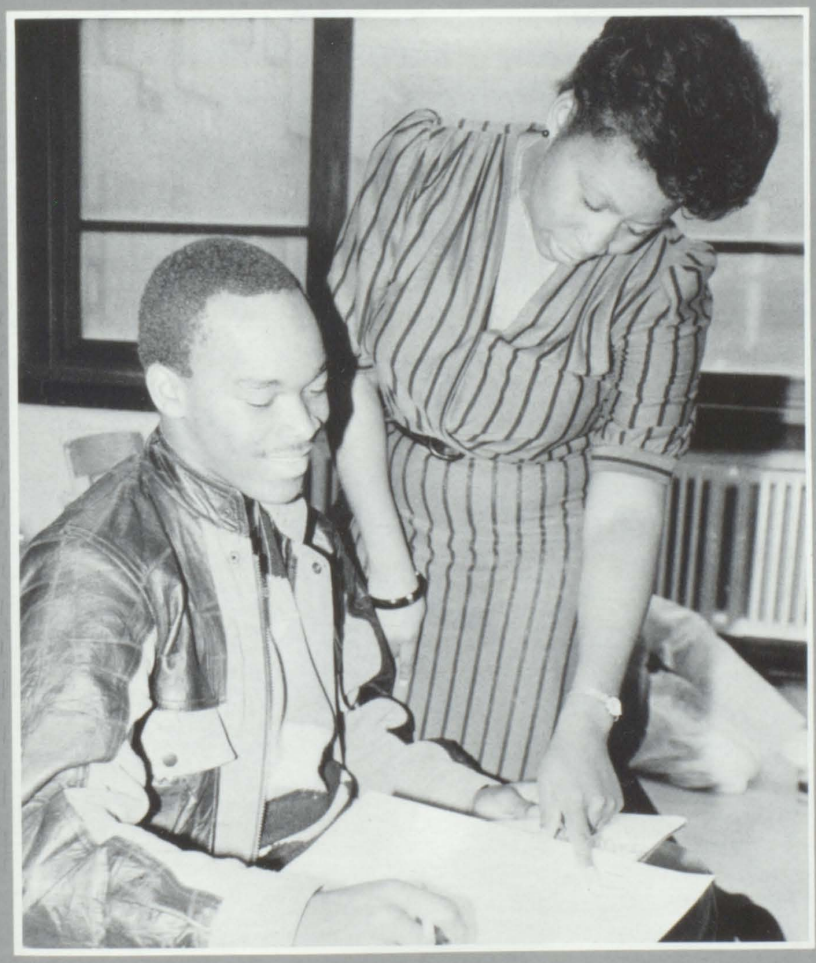

Above — Sophomore Derrick McKoy aligns the batt on pottery (fly) wheel.

Right — Senior Charles Berrian makes a wood sculpture of himself.

Junior Anthony Horton proudly displays his montage in Art class.

QUE' PASA

The influx of students to our area from South and Central America and the Caribbean makes the teaching of foreign language imperative.

The Foreign Language Department at Malcolm X Shabazz offers courses in French and Spanish. Learning to speak Spanish is necessary, not only for future use, but also for current communication among the student body.

Each year at Christmas time, the Spanish classes travel throughout the building serenading the student body and staff with carols sung in Spanish.

Left — Mrs. Stevenson assists James Dunnell with assignment in Spanish class.

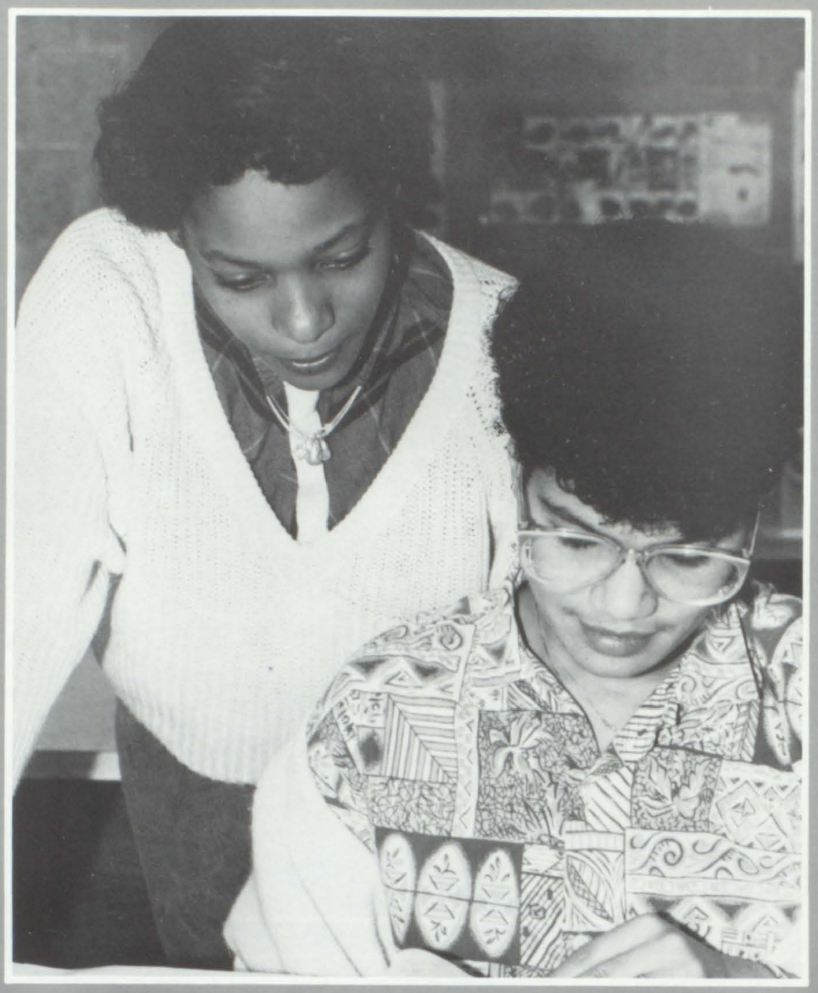

PRACTICAL ARTS DEPARTMENT

STUDENTS EDUCATED IN PRACTICAL SKILLS

Chairman Irving Mitzman and his staff have the responsibility of providing first hand experiences to help students develop skills that will aid them in their personal or professional lives.

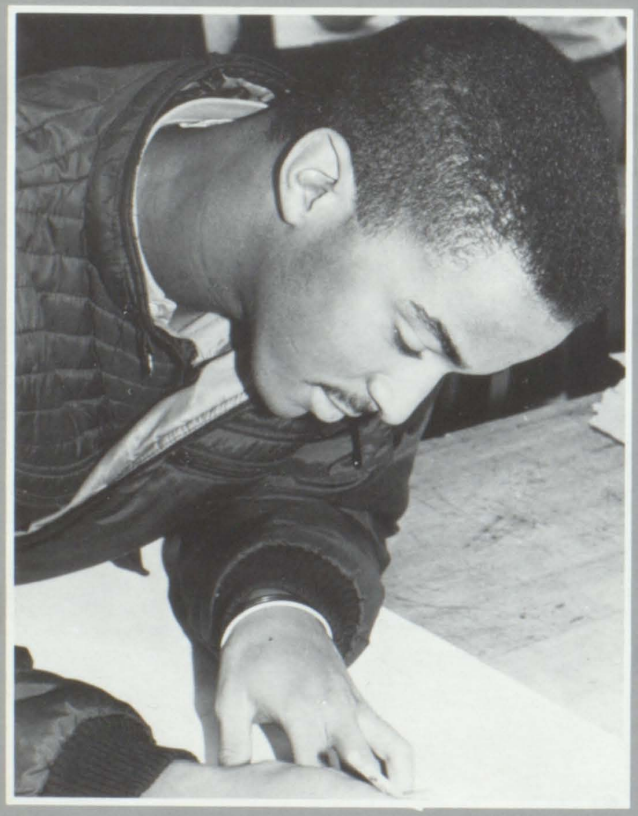

In the area of Home Economics, the traditional Clothing and Foods courses are offered, in addition to Child Development, which allows students to work with pre-schoolers in a nursery. Various Industrial Arts classes are available, including Auto Shop, where students actually learn to service cars.

All Practical Arts teachers are involved in the teaching of Social Growth, which is a course designed to help 9th graders make the transition from grammar school to high school. In addition to being taught to understand themselves and how to relate to others, freshmen are also exposed to all subjects offered in the Practical Arts Department.

SOCIAL STUDIES DEPARTMENT

WE THE PEOPLE

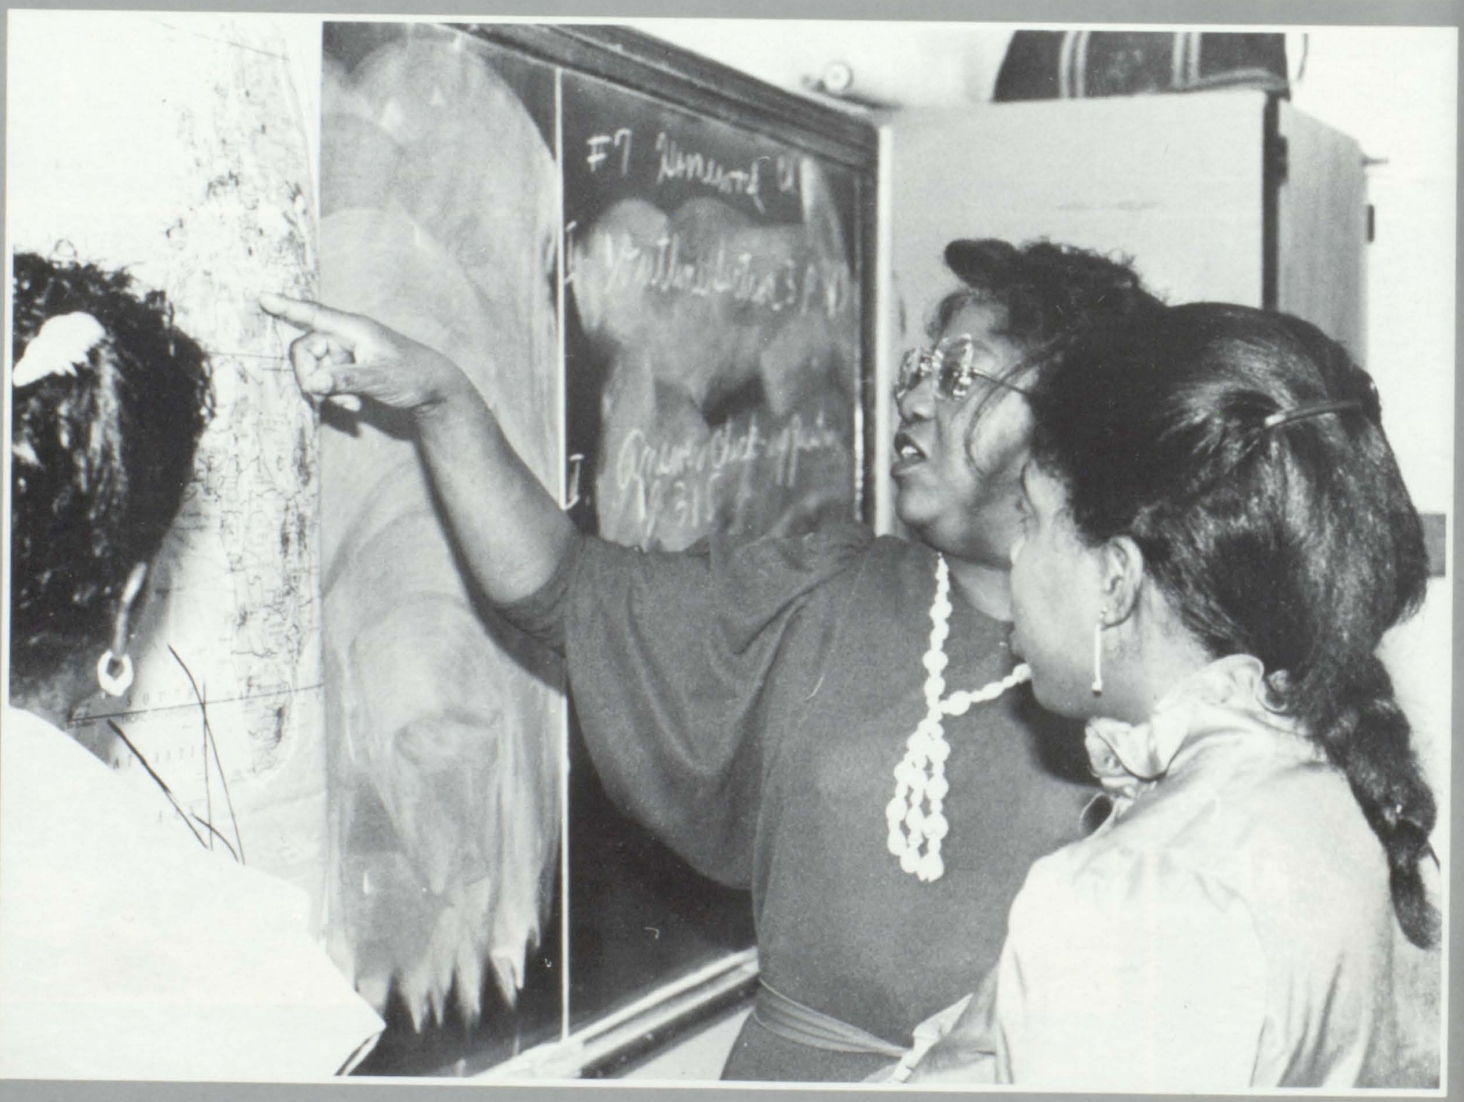

Through the study of civilization, students learn to think, to evaluate, to determine, to interpret, and to apply knowledge to the solution of everyday human problems. The knowledge of understanding the background and present behavior of man, as well as his future actions, is the main objective of students taking courses in this department.

Chairperson Jack Korbman and his staff strive to offer courses that can be of great value to the students in understanding themselves and their places in society, as well as understanding others. An atmosphere is created where students are willing to work to achieve their optimum development, in addition to receiving credits for those courses that are required for graduation.

Right — Junior Rovina Shelton completes History mid-term.

Below — Mrs. Borden explores the continent of Africa with students.

BUSINESS DEPARTMENT

STUDENTS EDUCATED IN BUSINESS SKILLS

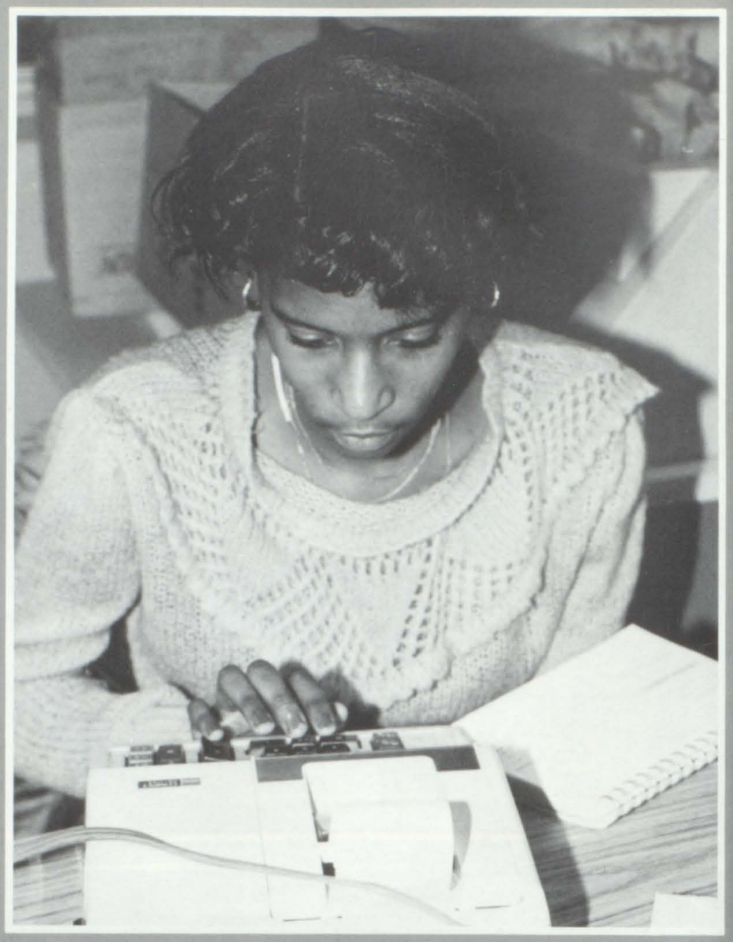

The Business Department at Malcolm X Shabazz offers a variety of courses in business education, secretarial studies, accounting and the processing of information by way of computers and word processors. Courses in General Business, Business Math, Record Keeping and Typing are available to students who wish to take foundation courses in preparation for a concentration in Business; or for students who simply want to acquire the knowledge and skills necessary for personal use as consumers and citizens. Courses in Stenography, Accounting, Business Law, Advanced Typewriting, Business Machines/Keypunch, Computer Programming and Secretarial Practice are available for students who wish to receive preparation for careers in Business office or pursue further study in Business or 4 year college.

Some career fields in which our students enter are Secretarial — Executive, Medical and Legal, Word Processing, Business Management, Accounting, Computer Operator, Computer Programmer, Computer Technician, Clerk Typist, Business Teacher, Sales and Merchandising.

Our Cooperative Office Education and Distributive Education work programs help non-college bound students interested in office or sales work to get a head start during their senior year.

NEWARK BUSINESS SKILLS OLYMPICS

They were recording business transactions, writing letters that were dictated to them, and frantically making the typewriter keys sing on Saturday, May 4, 1985.

Most gave a sigh of relief when their time was up, knowing that they had worked hard to reach these competitions; and now it was over. Some were annoyed with themselves for the errors they had made. Others felt confident that they had performed well and hoped they would be leaving the afternoon Awards Program with a tv set, AM/FM cassette radio recorder, or desk calculator as a 1st, 2nd or 3rd place winner in their category.

After three successful years and lots of hard work on the part of business students and teachers there was a definite sense of excitement in the air. Students enrolled in Accounting I and II, Stenography I and II, Typewriting I, II, and Advanced now know each September that they have a definite goal to work towards — 'excellence' so that they might be selected to compete in these city-wide competitions.

Mrs. Evelyn Lewis, our Business Department Chairperson, is coordinator of the Business Olympics, and is very much responsible for its success the last four years. The possibility of expanding the competition to encompass business students from high schools throughout Essex County is being considered.

PHYSICAL EDUCATION DEPARTMENT

NO PAIN — NO GAIN!

The aim of the Physical Education Department, under Chairman Vincent Finch, is to develop, in our students, an awareness and an intelligent understanding of the need for physical activity. Students are offered the opportunity to acquire skills that will increase efficiency of movement and enjoyment of leisure and contribute to the maintenance of health.

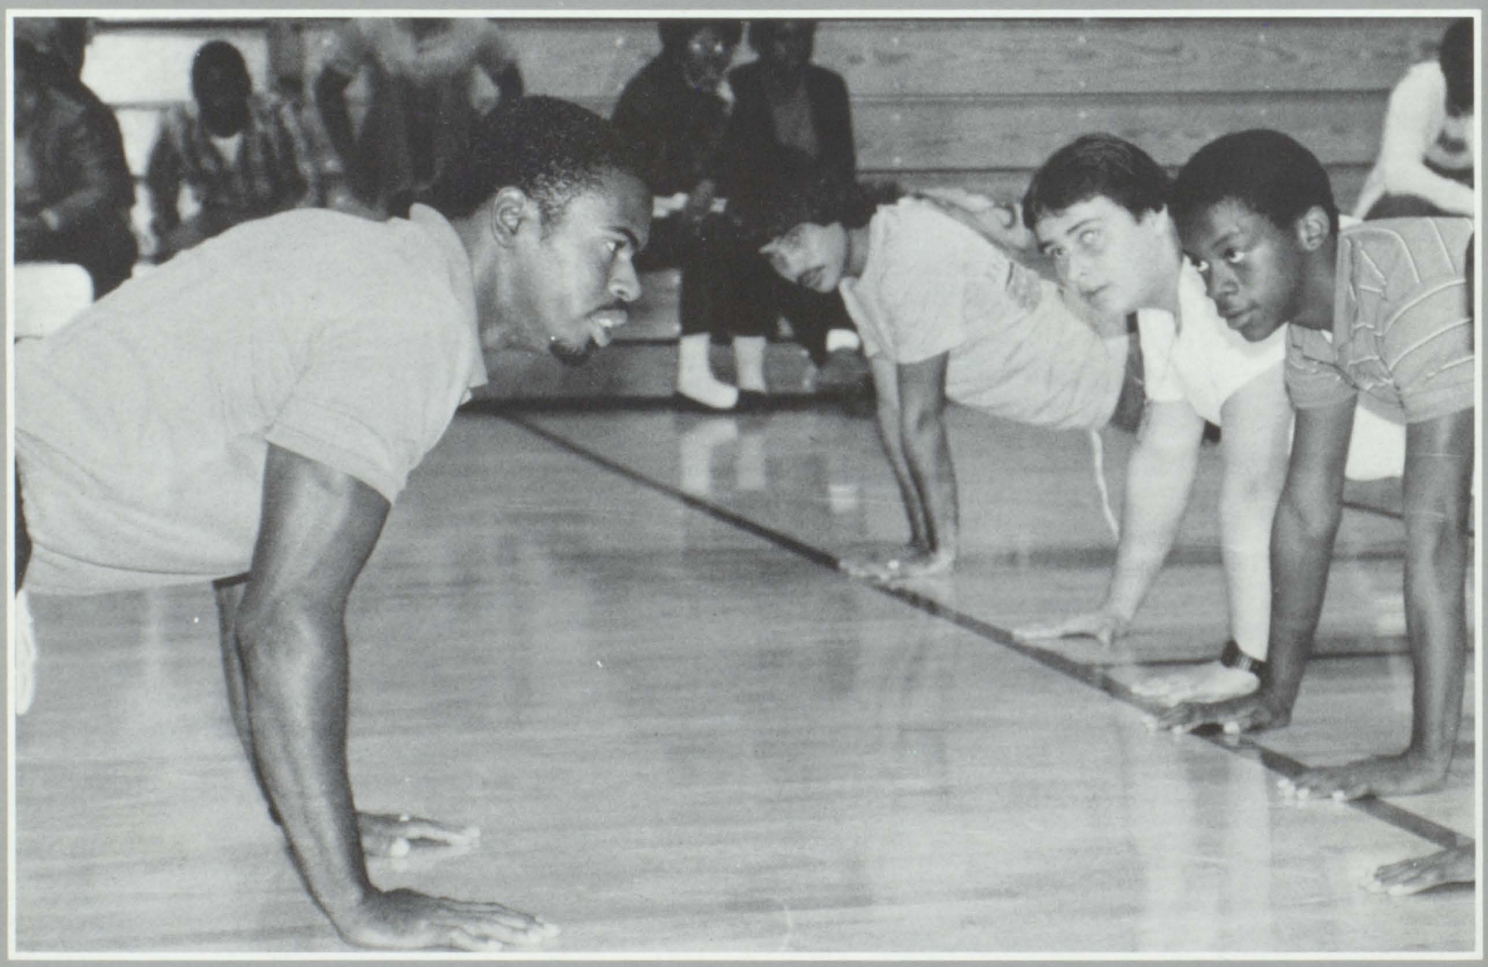

The philosophy of education **through** the physical — rather than **of** the physical — demands a program which has a wide range of activities rich in opportunities for self-expression.

Besides the broad curriculum, the department provides an intramural program of athletic activities as varied in scope as facilities will permit.

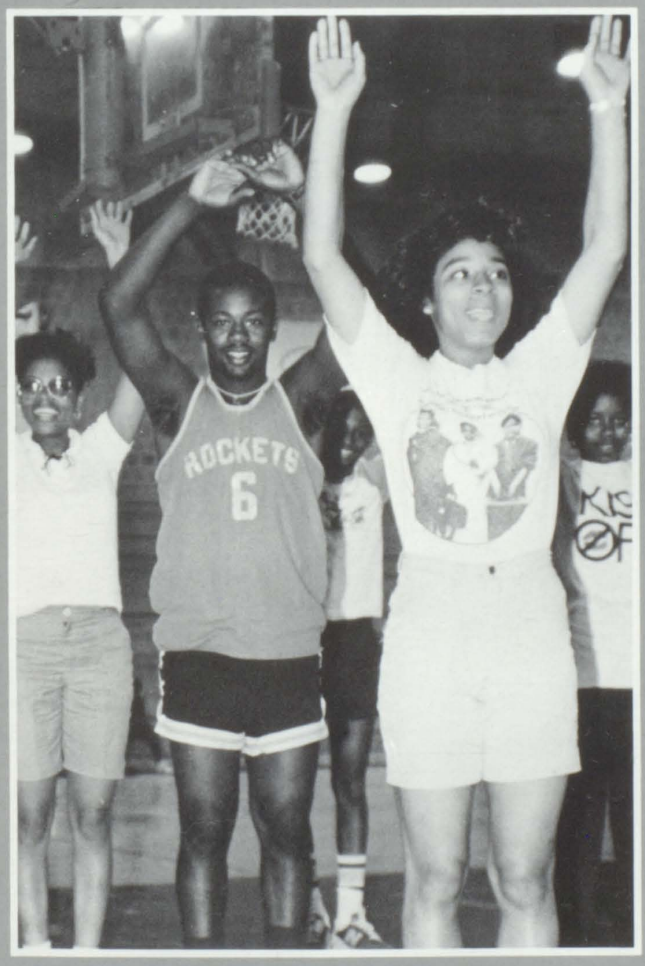

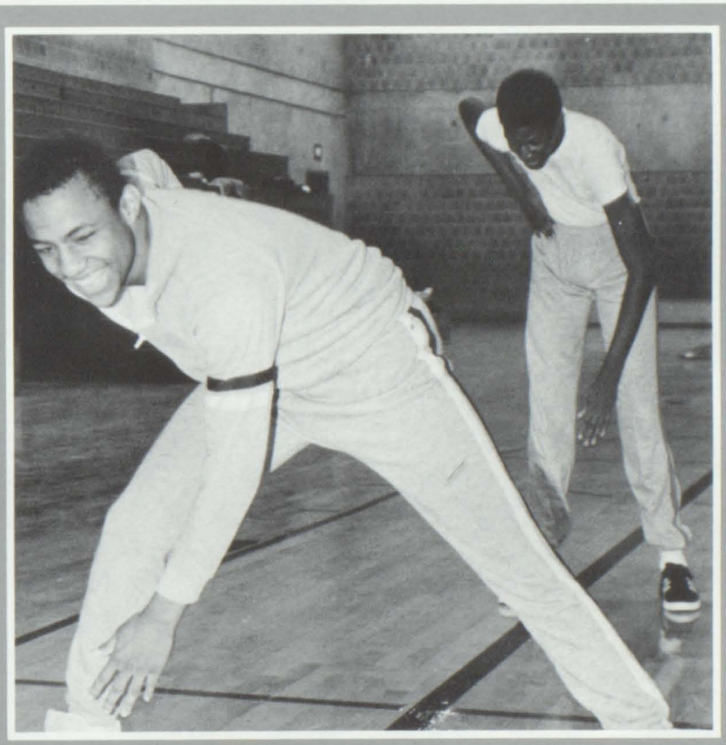

Right — Robert Robinson demonstrates his strength on the chest press.

ORGANIZATIONS

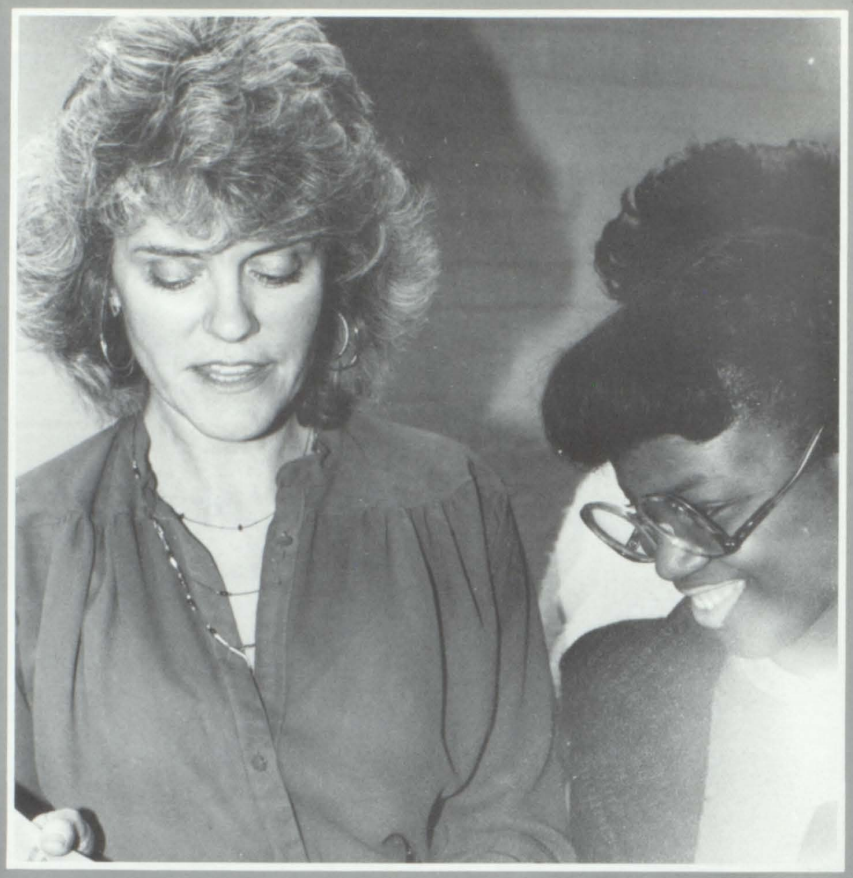

STUDENT GOVERNMENT ASSOCIATION

FUTURE LEADERS IN THE MAKING

The Student Government Association serves as a liasion between the student body and the administration. Under the leadership of Ms. Fran Tobin, the organization also organize activities aimed at promoting student morals and community awareness.

The SGA worked in conjunction with the Chorus to organize and produce a program for Black History Month. The main function of the SGA was to sponsor a poster contest.

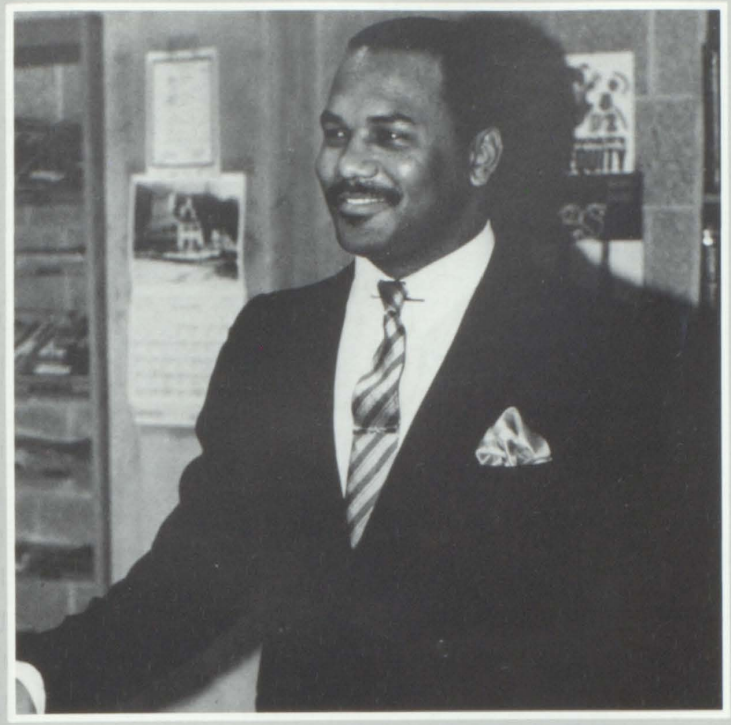

The organization was also instrumental in publicizing the Choral Christmas Concert, forming volunteer groups to clean the halls during lunch periods, reading morning announcements over the public address system, using bulletin boards to disperse current information, and serving as hosts and hostesses for functions at the school.

Right — Ms. Tobin goes over plans for Black History Month assembly program with Shannon Brown.

POSITIVE ACTION CLUB

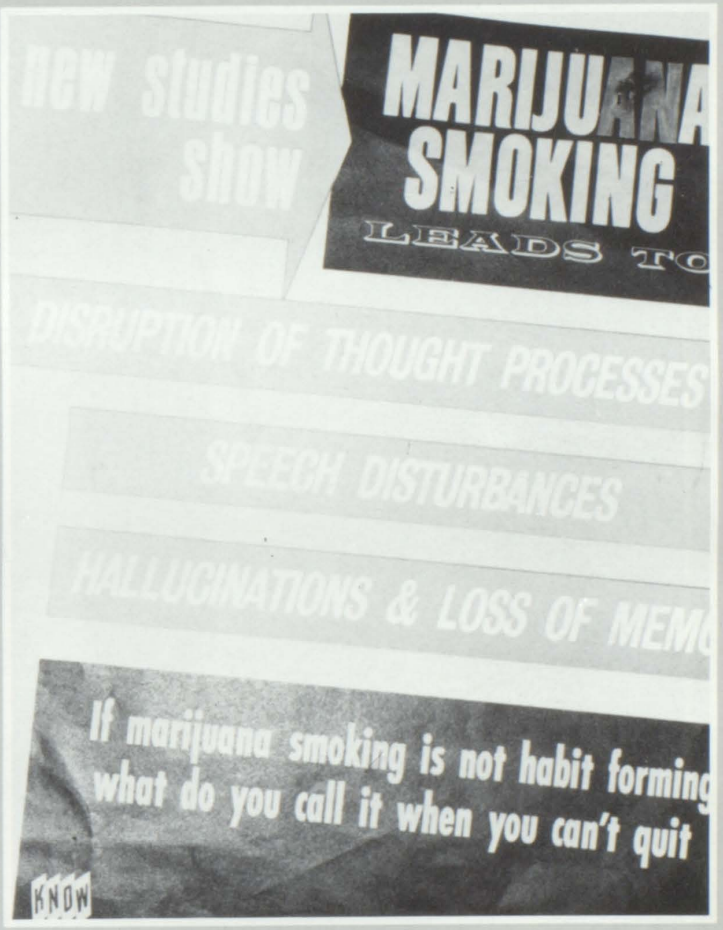

PEER COUNSELING WORKSHOP

The members of the Positive Action Club serve as peer counselors to help fellow students deal with problems that develop from peer pressure.

Under their advisor, Mr. Leamond Downing, the PAC annually host a peer counseling workshop to update fellow counselors, from high schools all over the city, on the use and abuse of drugs.

This year's guest speaker was Mr. Reggie Brown, a 1978 graduate of our school. Mr. Brown spoke on the long term effects of using drugs and the dangers of using and abusing prescription and illegal drugs.

A MASTERPIECE IN THE MAKING

The responsibility of the Optimist Staff is to produce the most expensive project of the senior class — the yearbook or annual. The staff meets Monday afternoons to work on this production. Choosing a cover, developing a theme, researching information and photographing events that will become even more important, as time goes by, is a time consuming task. Staff members were often called upon to miss lunch to collect data or remain additional days and make other sacrifices to produce a book that would prove to priceless in the years to come.

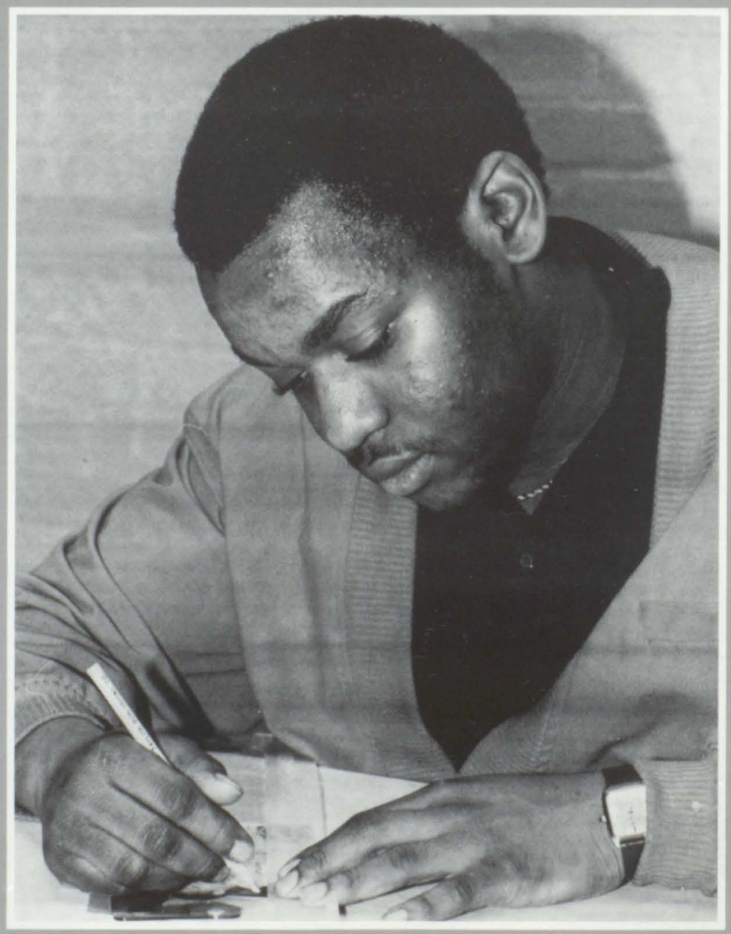

Mrs. Betty Prezzy Bryant, though not a faculty member at Malcolm X Shabazz any longer, continues to provide leadership for the Optimist Staff. The staff also received much assistance from Mr. John Dorer in photographing activities during the school day.

Staff members include editor-in-chief Princess Johnson, Varnard Belton, Deneen Culpepper, Linda Kelly, Sheila Johnson, Denise Epps, Shawn McCauley, Dollister Lee, Kenneth Hopkins, Rose Lee Evans, Latrice Boyd, Louise McDuffie, Katie Dickerson and Annie Gunter.

THE NATIONAL HONOR SOCIETY

Enrolled in the Malcolm X Shabazz Chapter of the National Honor Society are nine inducted members and nine probationary members.

The National Honor Society is a prestigious organization, which recognizes students who have attained and maintained at least a 3.0 grade point average and who exemplify the qualities of scholarship, service, leadership and character.

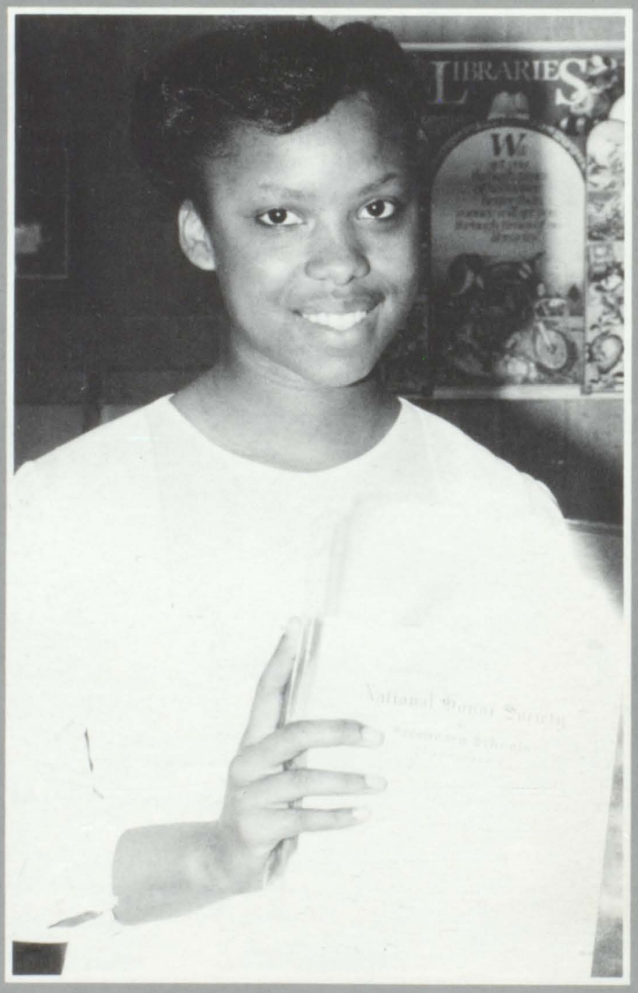

The first chapter was chartered in 1921. Membership is a strong reference to a student's character and provides an impetus for consistent academic achievement and service to the school.

BILALIAN STUDENTS' UNION

The Bilalian Students' Union was formulated in 1975 to encourage students to improve attendance and improve academic achievement. The organization also stresses youth leadership, goal setting, decision making, and volunteer activities to assist peers and senior citizens.

The B.S.U. is open to membership by all students of our school. The organization hosts a lecture series and a fashion show to build its finances. The B.S.U. uses its funds to purchase items for the school and items to be shared by its members.

THE RECORDER

EXTRA! EXTRA!
READ ALL ABOUT IT!

The school newspaper, The Recorder, is a club that teaches all aspects of gathering and reporting the news, plus graphic layout and editing.

Under the advisorship of Ms. Rosalind Carmichael, the staff publishes five issues during the school year. Attempts are made to include articles that are informative as well as entertaining.

PHOTOGRAPHY CLUB

"SAY 'CHEESE'!!"

The Photography Club was formulated to promote an interest in photography. Students gather weekly, under the guidance of Mr. Ormsby, to discuss how and why to take pictures. They learn about the different types of cameras and how to operate them. They are also taught to develop film and enlarge images. The club takes field trips and often makes displays around the school of photos that they have created.

BAND FRONT

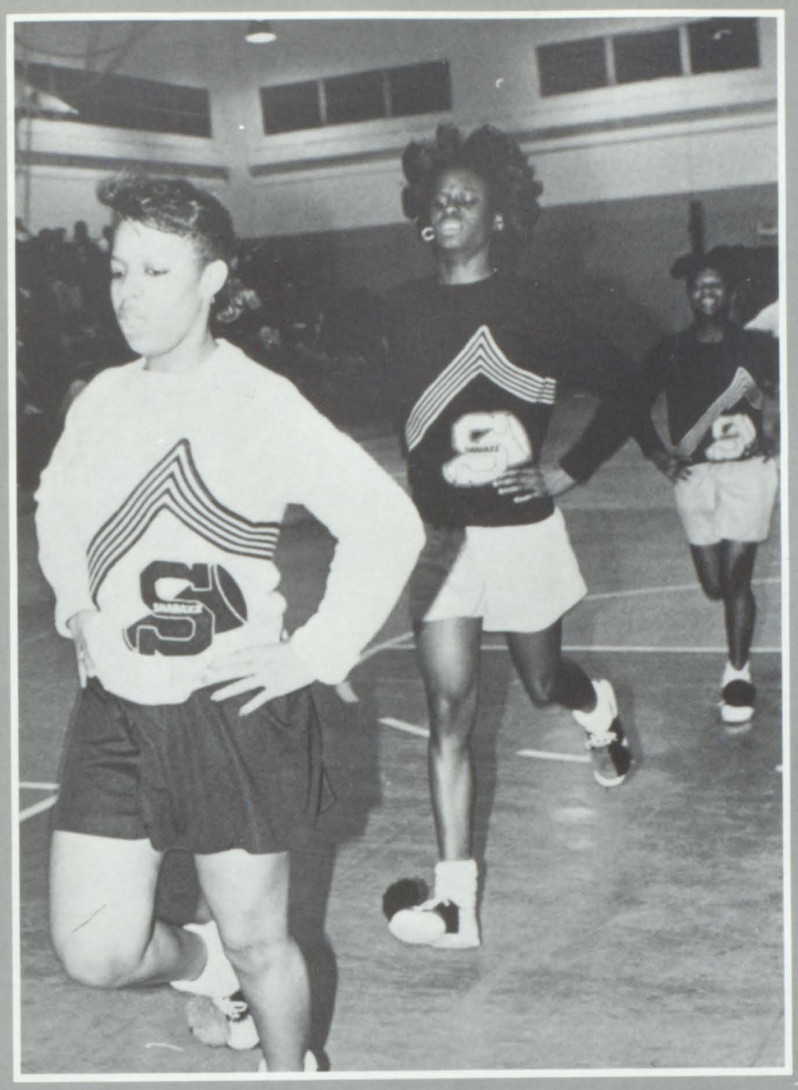

The Malcolm X Shabazz Band Front consists of the various squads that perform along the sidelines of the field or court during football and basketball seasons.

Unfortunately, the Bulldogs did not have a marching band this school term, thus eliminating the twirlers and limiting the number of fall appearances made by the squads. When basketball season came around, the Pep Squad and Cheerleaders were present in full force to entertain and arouse the crowd to cheer the Bulldogs and the Lady Bulldogs to victory.

WILSON ENDS ERA AS BULLDOG

Head coach Clinton Jones and the 1985 gridders experienced a rebuilding season, having graduated 12 players the previous year. Two of the thirty-two young men were seniors — Charles "Monty" Wilson, halfback, and Mark Crank, cornerback and wide receiver.

The Bulldog's sole victory came midways the season against East Side. Following a 47 yard run by Wilson, the tailback fumbled a wet quick pitch up the middle from junior quarterback Derria Williams. Freshman center Abraham Dickerson recovered the ball in the end zone for the touchdown.

Wilson, a senior from Newark Tech, was selected to the All City 1st Team. He played four years with the Bulldogs, and concluded his high school career with the following stats for the last two seasons: 1,231 yards rushing, 125 defensive tackles, 8 interceptions, 13 touchdowns, and 655 yards punt returns, averaging 24.7 yards.

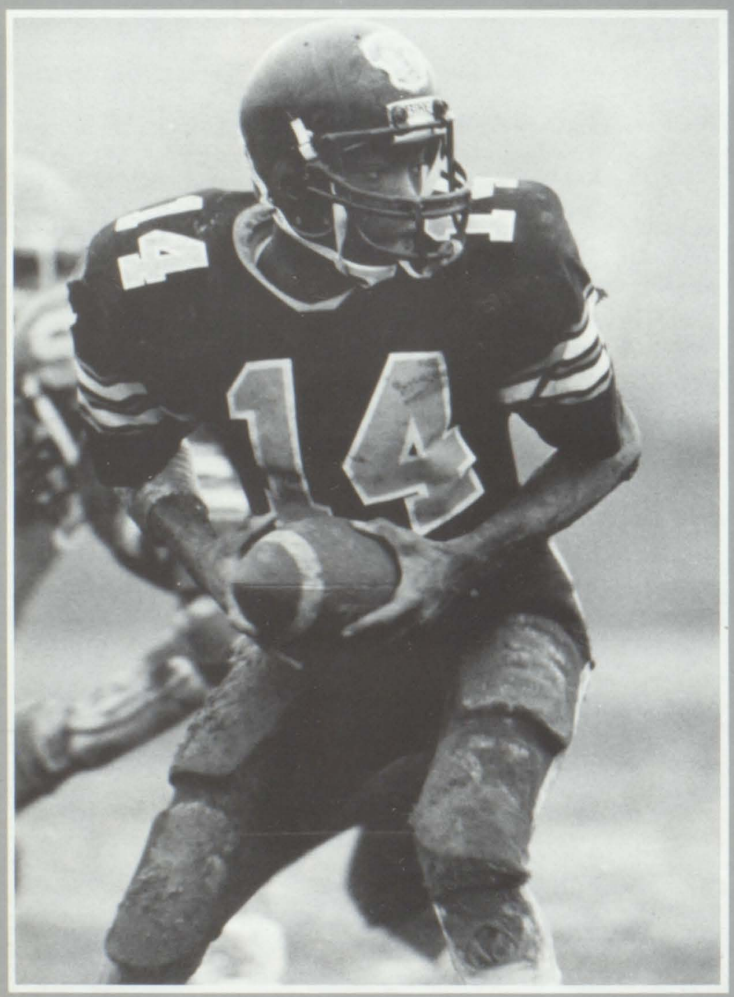

Coach Jones is excited about the young talent with which he has to work next season, and looks forward to building a championship team.

HARRIS NAMED ALL AMERICAN

SHABAZZ DOMINATE RELAYS

The 1986 boys and girls relay teams continued making marks by winning titles and trophies this season.

The boys' team ranked 1st in the state in the 1600 meter relay and 3rd in the mile relay. Ronald Huggins, Anthony Garvin, Lewis Crawford, and Charles Wilson won the Millrose Games as Madison Square Gardens and also took 2nd in the State Relays. With Al Lee West replacing Wilson, the team took 5th place among teams from all over the country at the Pathmark National Classics, held at Yale University.

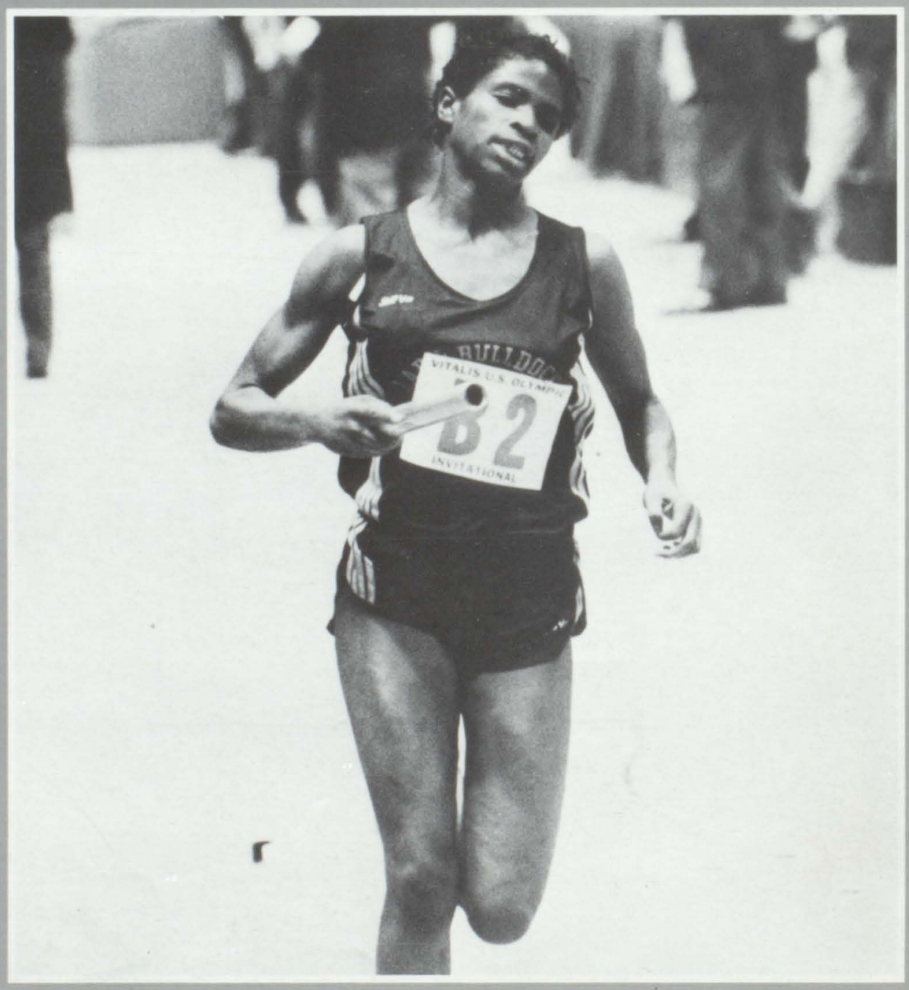

For the past four years, Gisele Harris has dominated track in the city, county and state. Harris, named All American in 1985 and 1986, and the mile relay team not only won the prestigious U.S. Olympic Invitation Meet at Brendan Byrne Arena in the Meadowlands, but also traveled to Harvard University and ran the fastest time in the United States.

Right — Senior Hakima Webb gets lane assignment before leading off the 1600 meter relay at Brendan Byrne Arena.

Consisting of Hakima Webb, Samantha Jackson, Nicole McIntosh, Lisa Wright and Harris, the relay team were city, and county champs, and took second in the state. Harris, a senior, broke her own state record in the 600 yard run and anchored the sprint medley team, which set a new national record.

Though Coach Jimmy Carter doesn't expect to see the likes of Gisele Harris again, he predicts that the Lady Bulldogs will continue the winning tradition with freshman speedster Samantha Jackson. At the Newark City Meet, Jackson won the 440 yard run in 59.6, only a second off the record by Joetta Clark of Columbia, who was the best middle distance runner the state has produced. Jackson also won the high jump, placed second in the shot put, and third in the 50 yard dash. At the Eastern State Championship, held at Harvard University, Jackson took second in the 300 meter, running the fastest time in the state this year.

BULLDOGS CHASE CITY TITLE

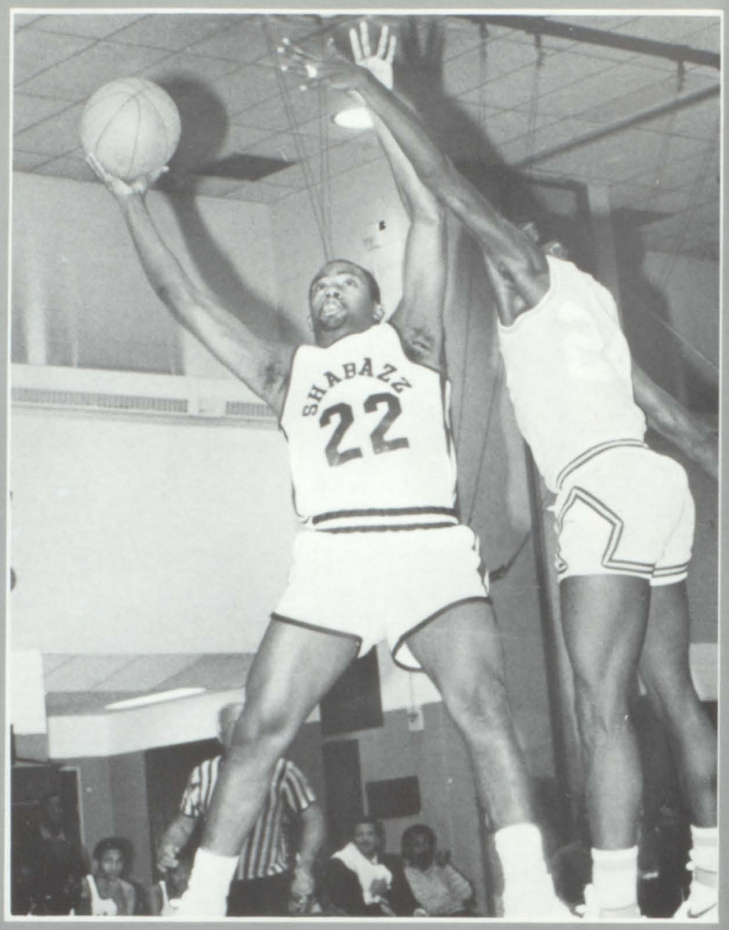

The Bulldogs, under the helm of Coach Autrey Reynolds concluded the season finishing second in the city league.

The team consists of veterans Stephen Bullock, Warren Lee, Stanford Robinson, Terrance Dent, and 6'8" twin towers Antonio Jones and Anthony Avent. Alray Blackman, John Dunlap, and Ron Morgan were brought up from the JV squad; transfer students Shaun Garrett, Derrick Butler and Reggie Collins and newcomers Alfred McMillian, Rahjan Cox, and Darren Gilbert completed the squad.

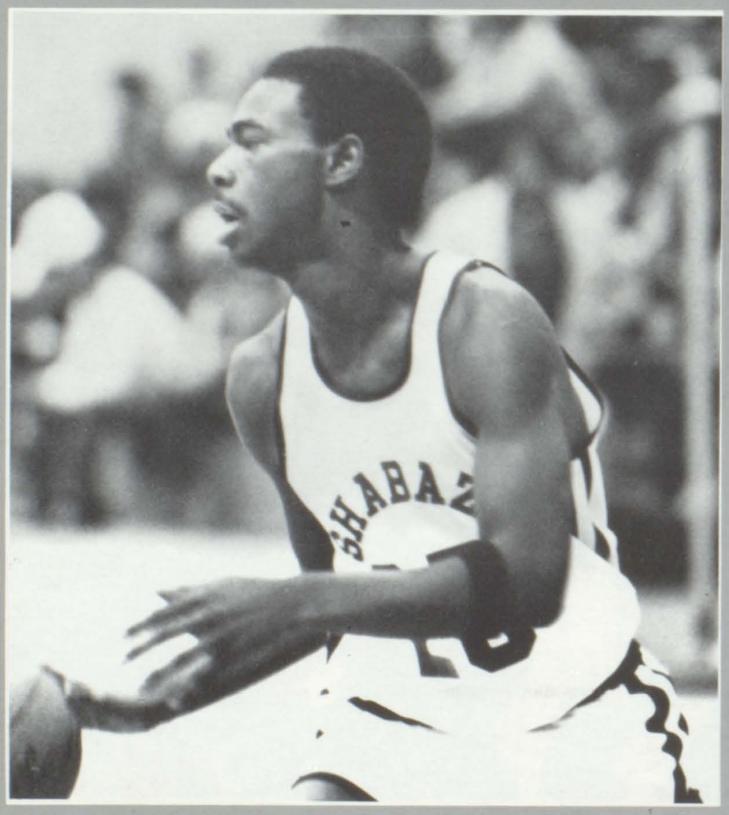

Throughout the season, the Bulldogs provided their fans with many thrilling finishes, including their victory over Seton Hall Prep, who was ranked 4th in the nation, their defeat to St. Benedicts Prep in overtime, and their 75-70 triple overtime victory over Nutley in the first round of the Essex County Tournament.

The Bulldogs' quest for state championship came to an end when they were defeated by Clifford Scott in the second round.

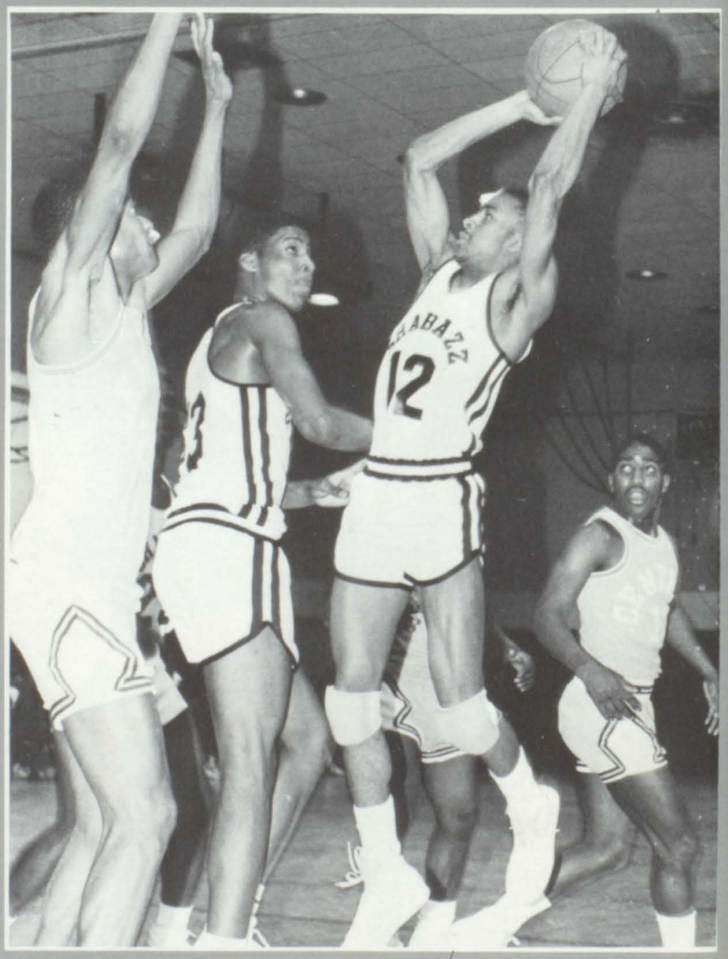

Though seven seniors will graduate, Coach Reynolds expects to work hard rebuilding the squad. He realizes that he has a lot of young talented players, with which to work next season.

LADY BULLDOGS CAPTURE 7th CONSECUTIVE CITY CHAMPIONSHIP

The Lady Bulldogs varsity basketball team, under the leadership of head coach Vanessa Watson, won the Newark City League title for the seventh consecutive year. The team also captured the crown in the Paterson East Side Holiday Shootout.

The 1986 Lady Bulldogs could best be described as being small, but fast. Veteran players include Earlisha Dill, Catrina Miles, Cora Kerton, and Danita Fairley. Newcomers to the squad include Yvonne Braime, Arnetha Cole, Jackie Dorsey, Wilhemenia Phelps, Regina Lantz, and Robin Jones. None of the players are seniors.

The team concluded the season with an overall record of 19-3. The only regular season defeat came at the hands of their arch-rivals Clifford Scott.

The Lady Bulldogs were hoping for an opportunity to defend the Essex County Champions title, which they had held for four years, but it wasn't in the cards for them this year. They were defeated in the semi-finals by East Orange.

In their quest for the state title, the Lady Bulldogs were knocked from the contest in the Sectional Semi-finals by Nutley.

With the entire squad returning, Coach Watson looks forward to continuing to dominate basketball in the city, county and state.

THREE STRIKES! YER OUT!!!

The 1985 Malcolm X Shabazz varsity baseball team finished the season with a record of 10 wins and 8 losses.

Coach Pat Gerardo is very optimistic about the 1986 season. The returning veteran players are captains Herminio Padilla and Nathaniel Giles, Johnny Vasquez, Gerard Lopez, Rodney Mason, Marcus Thomas, Charles Berrian and Ira Dickerson. The team will rely on the pitching of Mason, Padilla and Berrian.

SHARON ROBINSON

To My Very Precious Daughter,

It is with great pride that I salute you on having reached this accomplishment in your life.

You have always been very special to me, and have made me proud to be your mother. I have watched you struggle through illnesses that probably would have made the average person become very bitter and full of self pity. But, you were determined to live a productive life, so you fought back and conquered your illness.

May your graduation be the first step on the road to a successful future. Take full advantage of all that life has to offer. Try to make the best of even the worst situation. High expectations rear higher results.

IF YOU CAN IMAGINE IT, YOU CAN BECOME IT. IF YOU CAN DREAM IT, YOU CAN ACHIEVE IT.

Your loving mother,
Cynthia Robinson
